

Top Reasons to Choose Assurant

There are more reasons than one as to why Assurant isn't just another insurance option.

No credit checks

Keep your files to yourself. Your landlord trusts you. We do, too.

Replacement cost

If your belongings get damaged, you'll be reimbursed for the cost to replace them.

No extra steps necessary

Forget about paperwork and postage stamps. We send proof of coverage directly to your landlord.

Exclusive Liability Only option

You can purchase a policy that only covers your liability (not your things) and still meets your lease requirement.

No lengthy questions

We ask you less than 5 questions. That's easier than your third grade math test.

Water damage*

If something happens like a tub accidentally overflows, we'll be there to help mop up the mess.

Insurance for all — guaranteed

Everyone in our partner communities is approved, even if you have a history of claims.

Coverage for a roommate's liability**

One policy meets the liability insurance requirement for everyone on your lease.

Protection for your belongings

We take care of your belongings everywhere, even if you're traveling or things are in storage.

Support for claims from real humans

We don't leave the important stuff to robots. We're here to help you when you need it most.
